This genealogical chart illustrates the lineage of the DAUCHEZ family, spanning from 1650 to 1925. The chart is organized into several main branches, each represented by a vertical line with horizontal connections to individual family members and their dates.

DAUCHEZ Family Lineage:

- DAUCHEZ** (1650-1675) is the root of the family.
- DAUCHEZ** (1675-1700) is a descendant of the root.
- DAUCHEZ** (1700-1725) is a descendant of the previous generation.
- DAUCHEZ** (1725-1750) is a descendant of the previous generation.
- DAUCHEZ** (1750-1775) is a descendant of the previous generation.
- DAUCHEZ** (1775-1800) is a descendant of the previous generation.
- DAUCHEZ** (1800-1825) is a descendant of the previous generation.
- DAUCHEZ** (1825-1850) is a descendant of the previous generation.
- DAUCHEZ** (1850-1875) is a descendant of the previous generation.
- DAUCHEZ** (1875-1900) is a descendant of the previous generation.
- DAUCHEZ** (1900-1925) is a descendant of the previous generation.

Other Family Lines:

- POLART** (1650-1675) is a descendant of the root.
- POLART** (1675-1700) is a descendant of the previous generation.
- POLART** (1700-1725) is a descendant of the previous generation.
- POLART** (1725-1750) is a descendant of the previous generation.
- POLART** (1750-1775) is a descendant of the previous generation.
- POLART** (1775-1800) is a descendant of the previous generation.
- POLART** (1800-1825) is a descendant of the previous generation.
- POLART** (1825-1850) is a descendant of the previous generation.
- POLART** (1850-1875) is a descendant of the previous generation.
- POLART** (1875-1900) is a descendant of the previous generation.
- POLART** (1900-1925) is a descendant of the previous generation.

Other Family Lines:

- CARPENTIER** (1650-1675) is a descendant of the root.
- CARPENTIER** (1675-1700) is a descendant of the previous generation.
- CARPENTIER** (1700-1725) is a descendant of the previous generation.
- CARPENTIER** (1725-1750) is a descendant of the previous generation.
- CARPENTIER** (1750-1775) is a descendant of the previous generation.
- CARPENTIER** (1775-1800) is a descendant of the previous generation.
- CARPENTIER** (1800-1825) is a descendant of the previous generation.
- CARPENTIER** (1825-1850) is a descendant of the previous generation.
- CARPENTIER** (1850-1875) is a descendant of the previous generation.
- CARPENTIER** (1875-1900) is a descendant of the previous generation.
- CARPENTIER** (1900-1925) is a descendant of the previous generation.

Other Family Lines:

- SENECHAL** (1650-1675) is a descendant of the root.
- SENECHAL** (1675-1700) is a descendant of the previous generation.
- SENECHAL** (1700-1725) is a descendant of the previous generation.
- SENECHAL** (1725-1750) is a descendant of the previous generation.
- SENECHAL** (1750-1775) is a descendant of the previous generation.
- SENECHAL** (1775-1800) is a descendant of the previous generation.
- SENECHAL** (1800-1825) is a descendant of the previous generation.
- SENECHAL** (1825-1850) is a descendant of the previous generation.
- SENECHAL** (1850-1875) is a descendant of the previous generation.
- SENECHAL** (1875-1900) is a descendant of the previous generation.
- SENECHAL** (1900-1925) is a descendant of the previous generation.

Other Family Lines:

- DUREZ** (1650-1675) is a descendant of the root.
- DUREZ** (1675-1700) is a descendant of the previous generation.
- DUREZ** (1700-1725) is a descendant of the previous generation.
- DUREZ** (1725-1750) is a descendant of the previous generation.
- DUREZ** (1750-1775) is a descendant of the previous generation.
- DUREZ** (1775-1800) is a descendant of the previous generation.
- DUREZ** (1800-1825) is a descendant of the previous generation.
- DUREZ** (1825-1850) is a descendant of the previous generation.
- DUREZ** (1850-1875) is a descendant of the previous generation.
- DUREZ** (1875-1900) is a descendant of the previous generation.
- DUREZ** (1900-1925) is a descendant of the previous generation.

Other Family Lines:

- BREHON** (1650-1675) is a descendant of the root.
- BREHON** (1675-1700) is a descendant of the previous generation.
- BREHON** (1700-1725) is a descendant of the previous generation.
- BREHON** (1725-1750) is a descendant of the previous generation.
- BREHON** (1750-1775) is a descendant of the previous generation.
- BREHON** (1775-1800) is a descendant of the previous generation.
- BREHON** (1800-1825) is a descendant of the previous generation.
- BREHON** (1825-1850) is a descendant of the previous generation.
- BREHON** (1850-1875) is a descendant of the previous generation.
- BREHON** (1875-1900) is a descendant of the previous generation.
- BREHON** (1900-1925) is a descendant of the previous generation.
